## A WOMAN'S BURNS FATAL

MRS. WILLIAM FRANKEN WAS BURNED TO DEATH AT NOON TODAY.

## USED COAL OIL TO HURRY FIRE

Leaves a Husband and Seven Children

—Brother, Andrew J. Knipp, is Employed in the Rail- way Shop.

Mrs. William Franken was burned to death and her home gutted by fire, caused by an explosion of oil which Mrs. Franklin attempted to feed the fire in the range while preparing the noon meal today.

The terrible accident occurred at 11:45 o'clock at the corner of Fourteenth and Moniteau streets. So suddenly did it all happen that few people, not excepting the nearest neighbors, knew of it until Mrs. Franken's body had been dragged from the flames.

A loud report was heard by neighbors, but no attention was paid to it until smoke was seen coming from the house, when a fire-alarm was sent in.

The first to reach the scene were Ed O'Bannon, Scott Murphy and a Mr. Daly, all neighbors. They were attracted by screams, followed by a loud report. Mr. Murphy was in his back yard when his attention was attracted to the Franken home by a woman's screams. He could see Mrs. Franken standing in the door, and a moment later came a loud report. Mr. Murphy says he saw Mrs. Franken throw up her hands and appear to fall, face downward. He said he rushed to the house and got there about the same time as did Mr. O'Bannon and Mr. Daly. All three of the men set to work to try and rescue the woman. Rakes and hoes were used in pulling her from the burning room. Mr. Murphy says he was surprised to see the woman so badly burned by the time he reached her, as he says he lost no time after hearing her screams to get to her. He said all of her clothing was burned off and her body was slowly cooking. He said she did not say anything, but could be heard to moan. In pulling her body from the building, the cooked flesh fell from it, and by the time it was gotten entirely out it was burned to an unrecognizable mass. Her entire body was horribly burned, from head to foot.

The body was carried to the back porch of the next door neighbor, where it lay until taken by the undertaker. Coroner Titworth was at the scene of the accident and assisted in the care of the body.

An illustration of how sudden the sad affair was is shown by Miss Lape's story of it. Miss Lape had apartments at the Franken home, occupying two front rooms. She said she had just arrived home a few minutes before she noticed people running toward the house. She said she had heard a dull report, but paid no attention to it, thinking that the well curb had probably caved in. She did not know there was a fire until men rushed into her apartments and began carrying her furniture out. She then, for the first time, saw smoke through the transoms over the doors separating her rooms from the Franken home.

She said then she assisted in carrying out furniture and was not aware of Mrs. Franken's death until she happened to look toward the porch on which the body lay, covered with one of her quilts, which she had but a few minutes before carried from the house. She said she then exclaimed, "She is not dead, is she?"

The Frankens have seven children, the oldest being 16 years old, and the youngest 2. Neighbors cared for the little ones as soon as they ran from the burning building.

Mrs. Franken was 42 years of age. Her maiden name was Knipp, and she formerly resided at Tipton, Mo. Her brother, Andrew Knipp, is employed at the M. K. & T. car shops.

Deceased was a member of the Catholic Knights and Ladies of America, Sacred Heart branch. She came to Sedalia fourteen months ago, but had been a resident of Sedalia previously.

The house, an eight-room, two-story frame, was burned to ruins, the interior being gutted and a portion of the roof burned off. It was the property of Mrs. Lelia Kidd. Mr.

Franken had insurance covering his household goods with the Wood Wiley agency.

Mr. Franken, the husband of the deceased, conducts the Queen City Quick Repairing shoe shop on Osage street, between Fourth and Fifth streets, and formerly managed one of the local shoe factories. He is an industrious, hard-working citizen, and in his terrible affliction he will have the sympathy of the entire community.

The arrangements for the burial of Mrs. Franken had not been perfected when the Democrat-Sentinel went to press.

### Has Mr. Brown Departed?

S. F. Brown, the ladies' tailor, is said to have left the city this morning and several creditors, if reports are true, are left with the sack to hold. Mr. Brown is reported to have left on a Katy train during the forenoon, and the fixtures have been removed from his place of business.

## WOMAN WAS ASSAULTED

NEW YORK HAS ANOTHER SEN- SATIONAL CASE OF BRU- TAL ATTACK.

## MAN WAS CAPTURED THIS TIME

Proved to Be an Italian Peddler— Was Caught Only After Being Fired at Several Times.

New York, Aug. 6.—An attempt to assault a lone woman, Adelaide Wilder, a trained nurse, was made early today in a West side street by an Italian, who was arrested.

Miss Wilder was walking home after attending a patient, when the Italian accosted her. When she repulsed him, the man knocked her down with his fist, and, clutching her by the throat, dragged her to the stoop of an apartment house.

The woman fought her assailant with a hat pin and finally routed him. Her screams brought the police, who pursued and captured the man, who proved to be Pietro Daurio, an Italian peddler. He was only taken after the police had fired several shots at him.

## GOING BY SPECIAL TRAIN

The Sedalia Rifles, or, properly speaking, Co. "D," Second regiment, N. G. M., will leave on the Missouri Pacific at 5:30 o'clock Saturday afternoon for the annual state encampment to be held at Lake Contrary, three miles south of St. Joseph, all of next week.

The Sedalia boys will be joined at Pleasant Hill by the companies from Carthage, Lamar, Butler, Nevada and Harrisonville, and the trip to St. Joseph will be made via special train.

Capt. H. O. Moss, of the Sedalia company, expects a good turnout of the Rifles. The soldier boys are looking forward with pleasure to their week in camp and all are ready and anxious to go.

## HEAD OF LODGE ARRESTED

Cutcome of Raid on Eagles' Head- quarters at Emporia.

Emporia, Kas., Aug. 6.—Dr. C. F. Sinclair, president of the local order of Eagles, was arrested here yesterday as the outcome of a raid on the Eagles' lodge room Saturday afternoon. Sinclair gave bond in the sum of \$50 for his appearance in police court next Monday morning.

The proceedings to determine the disposition of the liquor seized will be held Thursday morning.

Criminal Fee Bills of \$1,001.80.

The county court in session today approved the criminal fee bills for July. They amounted to \$1,001.80. A petition signed by property owners of Dresden was received by the court. It requested an order to reduce the main street in Dresden from 100 feet in width to 60 feet, and the court so ordered.

The treasurer's report for the Six-Mile road district was received and approved.

## THE STATE FAIR BOARD

DIRECTORS HELD MEETING AT THE OFFICE OF SECRETARY RIPPEY.

## SEVEN MEMBERS WERE PRESENT

Col. M. V. Carroll Made Head of Publicity Department and the Press Bureau—Talk About Automobile Races.

The State Fair board held a meeting at the office of Secretary J. R. Rippey today to make further arrangements for the seventh annual Fair, October 5 to 11. The following directors were present: Judge E. E. Swink, of Farmington, president; L. M. Thompson, of Nashua, vice president; S. W. Hudson, Buckner; John Deerwester, Butler; W. B. McRoberts, Monticello; A. T. Nelson, Lebanon, and N. H. Gentry, Sedalia. Col. J. R. Rippey, the secretary, was also present.

Major Sam W. James appeared before the board and asked for the use of the Fair grounds for the Sedalia Rifles' target practice on Labor day, Monday, September 2. The request was granted, with the understanding that it is the last time the use of the grounds will be asked for this purpose. Golf players at the Country club are asked to be on the lookout for stray bullets while the Rifles are practicing.

Col. M. V. Carroll, editor of the *Ruralist*, was selected to have charge of the department of publicity and press bureau during the Fair. He has held the position the past two years, and "made good" by a large majority.

The matter of having automobile races during the Fair was discussed, but action was deferred. The board will likely arrange for a series of races, if the automobilists of St. Louis, Kansas City and other cities desire to make entries, but if only local people are to compete, as was the case last year, the feature will be "cut out."

Arrangements were made for a turnstile at every entrance to the grounds, so that an accurate attendance can be recorded each day.

John H. Antes, the decorator, will appear before the board this afternoon and submit a proposition looking to the proper decoration of several buildings on the grounds.

This afternoon the board will pay a visit to the grounds and will then adjourn.

The Fort Was Completely Destroyed and Many Tribesmen Were Killed

—Admiral Insisted Upon and Obtained Surrender.

London, Aug. 6.—A dispatch today from Tangier says that French and Spanish war ships participated in a bombardment of Casa Blanca, which has been destroyed. During the bombardment many tribesmen were killed or wounded.

The Casa Blanca battery fired on the foreign warships, whereupon their guns were turned on the battery, which soon caused the Moorish commander to send a messenger to the French admiral requesting his pardon. This was refused and the Moorish commander was ordered to surrender.

## MR. HAMNER INDIGNANT.

## No Red Light Last Night.

There was no red light last night on the pile of rocks that the Sedalia Light and Traction Co. has on exhibition, it is presumed, in front of Will J. Crawford's West Fourth street home for a month or more past. There was a lantern on top of the rocks, but it was not lighted the entire night. Someone is evidently going to fool around with these rocks until an accident occurs and a suit for damages is instituted.

After reading the above article, which appeared in yesterday's Democrat-Sentinel, Mr. Hamner, of the Sedalia Light and Traction Co. came into the office of the paper and demanded the name of the author, and upon being informed that those in the office at the time did not know where the information came from, he appeared very much incensed, and ventured the opinion that a certain member of the editorial force had written it, naming the individual. When informed that he was wrong in this respect, he made the assertion that the statement as to the lantern not being lighted was untrue, as he knew of his own personal knowledge that the lamp was burning at 9:30 Sunday night.

He said further that whether this lamp was burning or not was of no concern to anyone except himself (presumably meaning his company) and the city council. The representative of the Democrat-Sentinel took issue with him in this statement, adding that it was the belief of this paper that the people and the public

generally are concerned when the roads are unnecessarily obstructed—

nity should awaken to the fact that an opportunity is now presented that it would be little less than criminal to neglect.

At the meeting held in Jefferson City yesterday it was remarked that the largest city on any of the proposed routes, Sedalia, had a smaller representation than any other of the towns between St. Louis and Kansas City.

Mayors and business men, appointed by mayors, members of county courts were there from other places, all organized to obtain a recommendation from the board having the matter in charge, but Sedalia and Pettis county had but four men, and they only volunteers, who at the last moment attended the meeting in their private capacities as citizens, and were not authorized to act as official representatives of the people.

Yet, in spite of all this, the speech of Mr. Johnston, the most forceful and logical of all that were made, turned the tide, and secured for the southern route, which includes Sedalia, a recommendation from the commission.

Now, there is something more to be done, and when next a meeting is held the county and city must be represented by men with authority to speak, so that those in charge may know just what we can and will do.

It is hoped that between now and the coming meeting the question will be gone into thoroughly, discussed and interest awakened, to the end that this great benefit may be secured.

## REGULAR MARKET REPORT.

From this date the Democrat-Sentinel will have each day a full market report on cattle and grain, as well as quotations on the local prices paid for farm products.

These reports will be better and more extensive than any that have been previously given, and will be the latest quotation over the wire each afternoon. It is to be hoped that this feature will meet the approbation of the many readers that are interested, and will be of much benefit to the producers in this section.

## TWITS BRIDE; WEDDING OFF

Philadelphia Swain Makes Mistake  
That Has Upset Thrones.

Philadelphia, Aug. 6.—Because her fiance twitted her about her age Miss Emma Perth, of Reading, broke off her engagement with Harry Bissell, of the same city, at the marriage license bureau in the city hall yesterday. Miss Perth indignantly told Bissell that he talked too much for her, and that he could go and find some other girl to marry.

All went well until Clerk Smith began to ask the customary questions. Bissell stated that he was 24 years old, while the bride-to-be admitted to 29 summers.

"She doesn't look her age, though," said Bissell.

"You needn't apologize for me," said the prospective bride. "I am old enough to know my own mind."

"You bet you are," replied Bissell.

"I consider that an insult," said Miss Perth. "You talk too much. Now I will never marry you. No man who makes remarks about his wife's age will make a good husband. Good-bye."

## MISHAP WAS PECULIAR

WOMAN SNEEZES AND HER BACK-BONE POPPED OUT OF POSITION.

## SHE BECAME PROSTRATED AT ONCE

The Young Woman Is Now Said to Be All Right, but Was Advised to Avoid Catching Any More Influenza.

Miss Maude Warmington, of 1348 Figueroa street, sneezed her backbone out of joint last Monday, says a Los Angeles, Cal., dispatch.

She disarticulated the lumbar vertebrae by the violence of her sneeze, and heard the joints pop out of position.

It was just a simple, every day sort of sneeze that did the damage, a sneeze that should have been mildly enjoyable, but it has kept Miss Warmington in a state of excessive pain for three days, and has made her very much afraid of indulging again in what has proved such expensive luxury.

As the titillation of the sneeze reached its emphatic degree, Miss Warmington was convulsed for a moment by the effort, and as she ker-ker-kerched she heard a sharp snap about her person, and the next instant was overwhelmed with pain and realized that something had happened to her spinal column.

She became prostrated at once and could hardly summon help. Aid was sent for to the California hospital, and a physician, after a hasty examination, saw the trouble and by a painful but not serious process replaced the rebellious vertebrae. The young woman is now said to be all right, but was advised to avoid catching any more influenza.

Medical men generally say that this is the first instance of a sneeze producing such a serious result. Dislocations of the vertebrae are not at all common in medical practice, occurring only occasionally from violent causes.

Miss Warmington, who is a very pretty young woman, is now entirely recovered, but her suffering until the dislocation was corrected was agonizing, as it affected her entire nervous system and especially acutely susceptible sciatic nerve. The pain was described as being almost intense in every portion of her body as it was at the seat of the injury, and her endurance would have been exhausted if proper aid had not been provided just when it was.

## TELLING OF GHOST STORY

Cleaned Out "Fatality Row" After the Police Raids Had Failed.

Louisville, Ky., Aug. 6.—A ghost story has done what the police and other municipal authorities of this city have tried for years to accomplish. It cleaned out "Fatality Row," a nest of ramshacks at 421 to 433 Eleventh street.

The place has been known as the most degraded and dangerous locality in the city. Police raids were tried to drive out the habitues of the place, but without success.

Here Clarence Sturgeon killed three men in a fight about Daisy Jackson, and here the Jackson woman killed herself later. Then four other women committed suicide.

During the last few days the story went abroad among the denizens that Daisy Jackson's ghost haunts "Fatality Row." That was enough. The inmates fled in terror. Today the entire row is deserted.

## APPEARING OLD.

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as far as possible, one's youthful appearance.

It is impossible to do this without retaining a luxuriant growth of hair.

The presence of dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as dandruff cure.

Accept no substitute—there is none.

Another vine, eight feet high, has a Ponderosa tomato that measures 16½ inches in circumference, and Mr. Byard says he was unable to get all the way around the vegetable, as it is still on the vine.

As a true raiser, "Dan" is not to be overlooked.

## A MEETING OF THE CITY COUNCIL

What Was Done at the Regular Monthly Session Held Last Night

—Detailed Report of the Proceedings.

At Monday night's meeting of the city council the following communication from F. E. McNulty, of Kansas City, was read and ordered placed on file:

"To the Mayor of Sedalia: Dear Sir—Thinking your town would be interested in natural gas for fuel and light, we wish to know how many users of gas we can get in your city at a price of 30 cents per thousand feet, we to put the gas in the cellar ready to connect with the furnace, or stoves, as the case may be. In case we can get enough to use gas, we will be pleased to do business with you, as your town is on the route we expect to cover."

### A WHIRLING FLYWHEEL

Carried the Man at a Dizzy Rate, but He Held On.

Dayton, Ohio, Aug. 6.—Only by clinging tenaciously to a swiftly revolving flywheel and retaining his ground the man started on "dead center" and in order to start it he climbed on the spokes of the wheel.

In an instant the engine started and Mr. Timmerman was soon whirling about at a dizzy rate. Had he released his hold he would have been thrown into the pit and ground to pieces.

An employee noted his peril and succeeded in stopping the engine. Mr. Timmerman was removed from the wheel in a dangerous condition from nervousness and was taken to St. Elizabeth's hospital.

I will mail you free to prove merit, samples of my Dr. Shoop's Restorative, and my book on either dyspepsia, the heart or the kidneys. Troubles of the stomach, heart or kidneys are mere symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always. And the heart and kidneys as well have the controlling of inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the inside nerves. Also for bloating, biliouiness, bad breath or complexion, use Dr. Shoop's Restorative. Write Shoop, Racine, Wis. The Restorative is sold by the W. E. Bard Drug Co.

## DOCTORS HAVE CHANGED

THEY STAND FOR "ETHICS" TO A GREATER EXTENT THAN FOREFATHERS.

## DO NOT BELIEVE IN ADVERTISING

When the Pettis County Medical Society Was Only a Year Old, More Than Forty Years Ago, It Was Different.

Dr. Chris E. Fletcher has left with the Democrat-Sentinel a copy of the Weekly Sedalia Times of Thursday, May 9, 1867, more than forty years ago, James G. Magann and Perry Hawes being the editors and publishers.

Things have changed materially in Sedalia in the past two score years. In 1867, on April 21, the Pettis County Medical society was just one year old. It consisted of twelve members, only two of whom are now living—Dr. R. T. Miller, of Sedalia, and Dr. T. P. McCluney, of Warrensburg.

This same society is today opposed to all kinds of advertising, on the ground that it is not "ethical." In the copy of the Times referred to, two columns are devoted to the society, setting forth its constitution, by-laws and scale of prices, and no doubt the latter will be perused with interest by Democrat-Sentinel readers, as follows:

Following are the names of the members of the Pettis County Medical society, who, at the regular meeting of the society, unanimously adopted the following fee bill: Drs. McGirk, Montgomery, Thatcher, Fox, Hull, Brown, Condee, Miller, McCluney, West, Evans, Cartwright and Mayfield. The fixed prices follow:

FAILED TO CURE

HARRISBURG, ILL., May 12th, 1906.

DEAR SIRS: Believing that "ZEMO" saved my arms, if not my life, I will gladly tell all sufferers from eczema what your good medicine did for me. I suffered six years from a torturing case of eczema, with both arms and hands, and every evening I could not sleep for every crease and fold of my skin was covered with a scaly, crusty, red, sore, and itched skin. The disease grew worse and spread to my neck, back, and every part of my body. My husband and I were unable to sleep at night, the flesh and bone stung with the irritation, and I was forced to sleep in six weeks and one day the disease had disappeared and my arms were clean and smooth as my picture will show, before and after using "ZEMO." My arms were so bad some of my friends wanted me to have them taken off, but I would not agree. I am now entirely cured and am able to work again. I consider my quick recovery by using "ZEMO" nothing short of a miracle. I will gladly answer all inquiries and recommend "ZEMO" to all persons suffering from any itching skin disease.

Yours gratefully,

ALDERMAN AT WILKES-

## COURT WOULD NOT FINE ACCUSED

Made to Take His Wife's Hand, Beg  
Her Forgiveness, and Promise  
Her Decent Treatment  
in Future.

Wilkesbarre, Penn., Aug. 6.—Declaring that fines and imprisonment were not the punishment for such as he, Alderman D. A. McKevey, of Hazleton, publicly flogged Louis Sambolia, a stalwart mine worker, who was convicted of brutally beating and abusing his wife.

"When the little woman told her sad tale the alderman could not contain himself. Jumping from his bench he rushed at the prisoner and took him to the street and handcuffed him to a tie post.

"There is only one kind of punishment that will do a brute like you any good," he declared, "and I mean to give it to you."

The crowd divined his intention and cheered. One man handed him his leather belt. Sambolia's coat was pulled from his back and the alderman plied the strap with all his power.

Sambolia fell to his knees crying for mercy after the first two blows, but the alderman did not cease raining them upon the prisoner's back until he was out of breath. Then he called the abused wife, who had been waiting and watching the proceedings with a great deal of satisfaction, to her husband's side.

"You take her hand, beg her for forgiveness and promise that you will treat her better in the future," he ordered.

## A BIG REPUBLICAN ROW

RELIEF SOUGHT FROM SENIOR  
OHIO SENATOR IN POST-  
OFFICE FIGHT.

## SECRETARY OF WAR TAFT IS IN IT

The Appointment of a Woman Is Re-  
sented By the Political Friends  
of the Postmaster at  
Sandusky, O.

Sandusky, O., Aug. 6.—Two post-  
offices, two postmasters, with the two  
distinct and separate in one city is  
a thing of which this city will soon  
be able to boast, if the intelligence of  
Washington is correct.

On account of this most unusual  
condition there is much ferment and  
disturbance in political and business  
circles here. Both Secretary of War  
Wm. H. Taft and Senator Joseph Ben-  
son Foraker have been drawn into  
the controversy.

Those who appealed to him were the  
friends of Postmaster Melville, who  
feels a personal loss and injury in  
the premises. On the other side are  
Chairman Carl Clark, of the Erie  
county republican committee, Charlie  
Caldwell and others of the Taft side.

The row grows out of erecting a post-  
office at Cedar Point, the pleasure re-  
sort across the bay which forms one  
of the wards of Sandusky city.

During the season hundreds of  
thousands of people go there and the  
big hotels are crowded for months.  
Consequently the mail business is  
quite heavy. On the Fourth of July  
postal cards costing in the aggregate of  
\$1,000 were sold.

Manager George Boeckling has  
been endeavoring to have Cedar Point  
made a mailing center for years. At  
the outset there was much confusion  
because of a Cedar Point postoffice in  
Clermont county, near Cincinnati.  
Mail directed here came "via Sandusky"  
or went astray.

At last the Clermont postoffice had  
its name changed to Mt. St. Mary's  
to avoid the constant confusion. Post-  
master Melville offered to make the  
resort a substation, but the resort  
officials hung out for a separate es-  
tablishment.

Finally an appeal was made to the  
politicians who are against Melville,  
Major Wilcox, John T. Mack and  
others, anti-Taft men. The machinery  
was put in motion by Clark and Cald-  
well and as a result, so it is claimed,  
Chairman Arthur Voris took a hand.

Today it was said that Miss Mar-  
garet Benbow, the secretary of the  
resort company, had been selected as  
postmistress for the new station,  
which will be known as Cedar Point.

The friends of Postmaster Melville  
are making their fight on the ground  
that the change will reduce the grade  
of the Sandusky postoffice and in-  
cidentally his compensation, much of  
which comes from the sale of stamps  
at Cedar Point. This, they say, will  
hurt Sandusky commercially.

Then again, the place ought to be  
filled by a republican voter instead of  
a woman. The facts were laid before  
Senator Foraker and he promised to  
look into the case. The charge is  
made also that Chairman Clark is  
after Postmaster Melville's place and  
expects to land it through Taft in-  
fluence. Then there may be a change  
back to the old method.

## RIFLE IN TREE TRUNK.

**Oak Has Grown Around the Gun, Al-  
most Completely Imbedding It.**

Seattle, Wash.—About 11 miles from Centralia, on the road to Little Rock, is a curiosity, to see which would amply repay anyone for the drive. About 50 yards from the road, near a deserted homestead, is an old-fashioned rifle imbedded in the trunk of a tree.

The trunk of the scrub oak is not  
more than six inches through at the  
point where the rifle is imbedded, so  
that the stock and barrel are in com-  
plete view. The rifle is in a perfect  
state of preservation.

President Winstone read the letter  
to the students and it created enthusiasm.  
About 50 students have written to  
the maidens and it is thought cer-  
tain the red girls will get the white  
husbands wanted.

**Vudor Porch Shades at Cost.

Romances innumerable might be  
woven about the old rifle, but it  
stands as a memento to the development  
and progress that have taken place.  
What was a wild and unex-  
plored country at the time when the  
rifle was first placed in the crook of the  
tree, with the red man monarch of all he surveyed, with scattered settle-  
ments of hardy pioneers already  
preparing to contest his supremacy, is  
now dotted with farms and homes of  
prosperous families.

## Pure White Lead is the Natural Paint Pigment

Numerous compounds are being offered to the place of white lead as a paint, but no real substitute for it has yet been found. Pure White Lead has a peculiar property of amalgamating with the wood upon which it is used—added to this it has an elasticity which permits the paint to follow the natural expansion and contraction of the wood. Pure White Lead alone fulfills all the requirements of the ideal paint.

## A BARBER'S BRUTAL ACT

Assaulted a 17-Year-Old Maiden in  
St. Louis.

St. Louis, Mo., Aug. 6.—Attracted  
by a girl's screams at 12:45 a.m.  
Monday, Policeman William W. Ca-  
sey, of the mounted district, rushed  
to a vacant lot at Delmar boulevard  
and the Wabash tracks.

There, he says, he found Ernest  
N. Bridges, 24 years old, a barber at  
4434 Easton avenue, attempting to  
forcibly hush the cries of Miss Leonia  
Moore, 17 years old, of 1278 Wagoner  
terrace.

The girl told the officer, the young  
man had attacked her.

On the way to the police station,  
Bridges, according to Officer Casey,  
offered him \$40 to release him. After  
Dr. Tubolske, of the city dispensary,  
had examined Miss Moore Monday  
afternoon, a warrant against  
Bridges was issued.

At the station Bridges claimed  
that he and Miss Moore were engaged  
and soon to be married. The latter  
stated that she, in company with her  
sister, Jessie, had formed an ac-  
quaintance with Bridges at Delmar  
Garden earlier in the evening. He  
introduced the sister to a friend.

The sisters, with their escorts, sepa-  
rated at 11 o'clock.

According to Miss Moore, Bridges  
induced her to enter the vacant lot  
on a pretense that an automobile was  
waiting there to take them home.

Miss Moore is employed at the  
Peters Shoe company. Her condition  
is not serious.

Jackson, Miss., Aug. 6.—Irregulari-

overthrow the result of the Mississip-

defeat of John Sharp Williams.

Governor Vardaman and Charles  
Scott are preparing to contest the re-  
sult of the primary and when the  
state committee meets here Thursday  
they will ask that the entire vote be  
recounted.

In several counties there were  
more votes cast than were registered,  
and in others the number cast was in  
excess of the purged poll list. This  
is prima facie evidence of fraud and  
will be the basis of the two contests.

## THE KANSAS CITY POLICE MUDDLE

Governor Has No Information That  
Gallagher Will Be Investigated—  
Says That Right Will  
Always Win.

Jefferson City, Mo., Aug. 6.—Govern-  
or Folk, questioned last night as  
to the criticisms by Kansas City min-  
isters of his action in reorganizing  
the police department there, said:

"The so-called 'sermons' of two  
Kansas City ministers, practically  
alike in language, should, it seems,  
have been prefaced by the statement,  
'by request.'

"The appalling corruption in the  
Kansas City police department dif-  
fers from that which existed in St.  
Louis, in that in St. Louis it was  
largely individual, while in Kansas  
City it was systematized, having be-  
hind it as its chief beneficiary and  
defender, the Metropolitan Street  
Railway company. This corporation  
has been, and is, one of the most cor-  
rupting influences in the political life  
of Kansas City. It has prostituted  
the police department to its own  
ends, and when its infamous graft is  
shaken off, the howls and yelps that  
come from Kansas City can all be  
traced to its foul mouth or venal in-  
fluence.

"It fills its 'kept' newspapers with  
slanders and falsehoods. It secures  
men for favors, past or prospective,  
to come out in interviews defending  
its crooked purposes. Nothing is too  
sacred for its filthy ends. Through  
its connection with wealthy and in-  
fluential men it misleads and causes  
some of the wearers of the cloth to  
condemn that which they know nothing  
of and to unwittingly lend their  
aid to the cause of this monster of  
iniquity that has Kansas City by the  
throat."

"It would have been far easier to  
have allowed things to go on as they  
were in Kansas City. There would  
have been no attacks then; no falsehoods  
and misrepresentations. No-  
body would have been hurt but the  
people, and they would never have  
known how much they had been im-  
posed upon. I was fully aware of the  
nature of the potent opposition that  
would be aroused in attempting to  
have the police department freed  
from these baneful influences. I knew  
that powerful enemies would be cre-  
ated. I also knew after an examination  
of the sworn testimony resulting  
from six weeks of investigation  
by the police board, of the terrible  
condition of affairs.

"There was no alternative than to  
do what I did, and to do right. After  
the noise made by this corporation,  
its politicians and grafters has sub-  
sided it will be apparent to those  
who now innocently doubt the wis-  
dom of the action that it was right.  
The prejudice of ignorance can be  
removed, for that comes from the  
heart; the prejudice of interest can  
not be changed, for that is self-willed.  
Those who have a selfish purpose in  
allowing corruption to continue can  
never be expected to endorse its elim-  
ination."

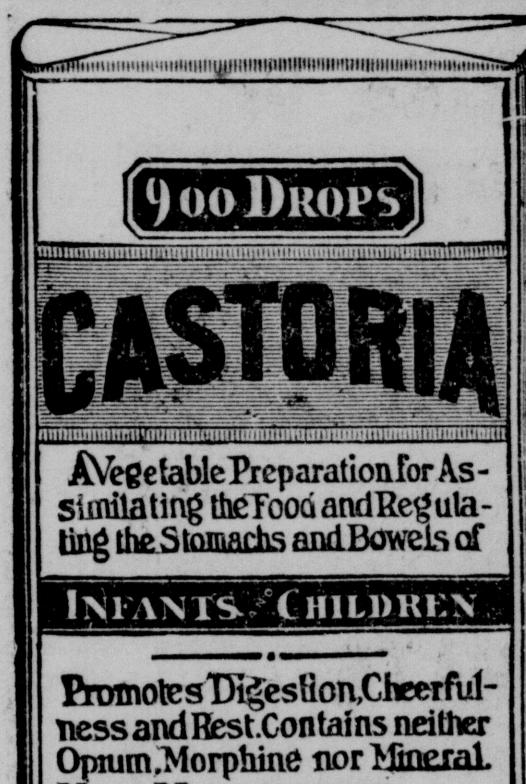

In connection with the report that  
Police Commissioner Gallagher, of  
Kansas City, is to be investigated,  
the governor said last night that no  
charges have been filed against the  
official, nor has he any reliable infor-  
mation that such charges will be filed.

"All I know about the matter," said  
the governor, "is what I have read in  
the newspapers. If charges are filed  
they will be filed with me. But of  
that I have no knowledge at this time."

## Irreverent Yankee.

Adam Engel, a few days before he  
closed his historic chop house in Her-  
ald square, lunched with a Denver  
correspondent. "The loss of this chop  
house will be a great loss to New  
York," said the correspondent. "It  
will be like," he went on eloquently,  
"the obliteration of some historic  
light." "I hope," said the modest  
Engel, "that it won't be so bad as that.  
Speaking of lights, by the way, I hope  
that my chop house's departure won't  
inflict any such loss as a certain Yan-  
kee, by an uncontrollable impulse,  
once inflicted on a Buddhist temple in  
Japan. They say, you know, that a  
priest, showing this Yankee over an  
ancient shrine, led the man reverently  
to a small silver lamp. This lamp,  
sir," he said, "has not been extin-  
guished for seven centuries." The  
Yankee puffed out his cheeks and  
blew. "Well," he said, "I guess she's  
out now, anyway."

## PLAYER IS SUSPENDED

Goes, of Oklahoma City, Who Slugged an Umpire.

President Shively has announced the suspension of Player Goes, of the Oklahoma City team, for the rest of the season. This action is just as it should be, says the Topeka Journal.

Umpire baiting has become an altogether too popular amusement among the players in this association this season and the sooner it is effectively stopped the better it will be for the association.

The action of Goes last week in assaulting the umpire was altogether uncalled for and the penalty, if anything, is too light. Goes is now out of baseball for the rest of the season and will thus be able to report in Topeka for trial August 10.

## BUILD TWO STATE ROADS

THE ROUTES SELECTED

## MEETING AT THE STATE CAPITOL

Southern Highway Longer, Will Cost  
\$960,000—Central \$2,193,000—  
Meeting Called for Jefferson  
City, August 26.

Jefferson City, Mo., Aug. 6.—Two highways between St. Louis and Kansas City are to be built, and the initial meeting looking to the organization of the counties along the proposed routes will be held here August 26, when the county courts of those counties will meet with the Missouri state board of agriculture.

The subcommittee of the board, which was authorized to act for the entire board, held an executive session last night, at which a resolution recommending the building of the Central and Southern routes was adopted and instructions given to the state engineer to visit the counties and assist them in the work of their organization.

Details descriptive of the three routes which had been considered, together with the resolution adopted last night, which is as follows, are incorporated in this report of the meeting held yesterday.

"Resolved—By the committee that in view of the demands for two highways from St. Louis to Kansas City, and upon urgent request of the counties along the line of the central and southern routes, the committee recommends that the counties along both these proposed lines proceed to organize road districts at once to the end that the construction of both these lines be completed as speedily as possible. The state engineer is instructed to proceed to the several counties along the proposed lines to assist in the proper organization of the districts.

"Resolved, That the secretary invite the county courts of all the counties on the proposed lines to meet with this committee in the governor's office in Jefferson City on Monday, August 26, at 2 o'clock, for the purpose of providing for the complete organization of the district along the respective lines."

### Good Roads Convention.

A subcommittee of the Missouri state board of agriculture, composed of Governor Folk, A. A. Hudson, of Jackson county; W. H. Gentry, of Pettis; A. M. Thompson, of Clay, and George B. Ellis, of Boone, met here yesterday to hear a report from State Highway Engineer Hill, upon the proposed state highway between St. Louis and Kansas City. The counties along the proposed routes (and three of them were considered) were all represented by delegations sent to the committee meeting, and if the enthusiasm manifested is a criterion from which to judge, one, if not two, of the lines considered will be constructed.

The meeting was practically resolved into a good roads convention, at which nearly 200 persons were present. The gentlemen speaking for the several counties put forth their claims and gave assurances of what their counties were prepared and willing to do in the direction of the state law providing for the construction of the state highway.

### Build Road Before Naming It.

A. J. Jones, of Pleasant Hill, created enthusiasm when he declared that "Cass county is here with the goods and exhibits a receipt from the county treasurer for money paid in the treasury for the building of a road from Pleasant Hill to the Jackson county line."

The infant was born yesterday morning and was found beside her a few hours later with finger prints on the throat and its skull fractured.

The young woman came here two weeks ago to visit her brother, Emil Warren, in Sullivan county, and was to have returned to Detroit today. At the hospital it is said that she may not recover.

### A DASTARDLY ATTEMPT

Trunk of a Tree Chained Across Railroad Track.

Hiram, Ohio, Aug. 6.—An attempt was made last night between Hiram and Garrettsville to wreck the Pittsburgh Flyer No. 23, on the Erie railroad. The trunk of a tree was chained across the tracks. Mrs. R. F. Harris and daughter, Helen, left at noon today for Albion, Ill., their old home, for a six weeks' visit.

HARRY McLEAR TO WED

Baseball Player Well Known to Sedalia Fans.

Wichita has a real live romance in the coming marriage of Miss Laura Howard and Mr. Harry Mclear, says the Topeka Journal. It all began with baseball. Mr. Mclear played with the Wichita team as right fielder. Miss Howard is a baseball enthusiast and always attends every game she can. At one of these games some of Mclear's work attracted her attention.

Cupid is not slow at such times as these, and it was no long before the young people met. It was a case of love at first sight with both—not strange, either.

Miss Howard is a very pretty, charming girl, and Mclear a fine, energetic young man. However, the course of true love never did run smooth, and one Sunday evening the "light that never was on land or sea" wove such a spell for Mclear that he missed his train for Topeka and was late for the ball game here next day.

The rules of baseball fined him heavily, lost him his place with the Wichita team. So he was sold to Des Moines. But the rules of love defy all other rules, and so this sturdy fighting American won the girl of his heart in spite of everything. The marriage will take place soon. Last week the bride-to-be was given a shower by some of her friends.

# S.S.S. KILLS THE GERMS OF SCROFULA

Through the blood, diseases are carried from one generation to another. Parents transmit them to their children, and so it goes on down the family line for years and years unless the taint is removed from the blood. Especially is this true of Scrofula, for it is a disease that is "bred in the bone," and unless the blood is purified and every trace of the trouble removed the miserable disease will finally undermine the entire health and wreck the life of its victim. The usual symptoms of Scrofula are enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, Catarrh of the head and throat, skin diseases, etc. The trouble being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a waxy, pallid appearance of the skin, loss of strength and energy, and often lung affections, show that the disease is entirely destroying the bright red corpuscles and rich, nutritive qualities of the blood. Scrofula being a constitutional disease, one affecting the entire circulation, must be treated with a remedy that builds up and strengthens every part of the system, which has so long been denied the strength and nourishment it should have received from the blood. S. S. S. is the best of all blood purifiers and the greatest of all tonics, and is therefore the ideal remedy for Scrofula. S. S. S. searches out and destroys all germs, taints and poisons, gives strength, richness and vigor to the blood and cures Scrofula permanently. It so thoroughly removes the trouble from the blood that no signs of it are ever seen again, and posterity is started out in life with a clean, pure blood supply, which is their rightful inheritance. S. S. S. while thorough, is gentle in its action, and the healing vegetable ingredients which compose it build up every part of the system. ## PRETTY GIRL ELOPED

With Man Three Weeks After His Wife Got Divorce.

South Bend, Ind., Aug. 6.—Edward A. Schafer, aged 51 years, manager for Northern Indiana for the Massachusetts Mutual Life Insurance company, and Miss Marie Bless, an attractive stenographer, left for Chicago last week and were married by a Baptist clergyman in a Michigan avenue apartment, although the bride is a Catholic. The fact of the marriage leaked out yesterday, when the Chicago papers published the following marriage license:

Edward A. Schafer, South Bend, Ind., 51; Marie Bless, Mishawaka, Ind., 18."

Schafer was divorced by his wife three weeks ago Wednesday, the cause being his alleged infatuation for an Elkhart woman.

It now develops that the supposed Elkhart woman was Miss Bless, the latter having mailed her letters to Schafer from that city, although residing in the same city and working in the same office with Schafer.

## LOVE FOR HIS WIFE

Believed to Have Affected the Husband's Mind.

Lawrenceburg, Ind., Aug. 6.—Benjamin Harves, aged 34, a wealthy farmer of Jackson township, has been taken to the Central Hospital for the Insane at Indianapolis by Sheriff Richard White.

Harves has been married about eight years and at the time of the marriage it was generally remarked that it was a genuine "love match."

As the years of their married life unfolded he became more and more attached to his wife, and in the past few years his infatuation developed to such a degree that he would constantly treat her never to leave his side.

During the past few months he has been laboring under the delusion that his near relatives intended to do him harm. He trusted no one but his wife and would eat no food except that which he had seen his wife prepare.

## ALL WORKERS, NO 'BOSS'

SIX CHICAGO BARBERS HAVE POLLED THEIR ISSUES IN ONE SHOP.

## POINTER FOR "DINKEY" AND "DOC"

Lake Side City Fellows Are Always On Hand. Never Take a Day Off, and Success is Crowned Their Efforts.

This is a sign prominently displayed in front of a north side barber shop in Chicago, says the Tribune, and it attracts much attention:

\* \* \* \* \*

No Boss, But Six Good Barbers. \* \* \* \* \*

It marks a step forward on the part of at least six barbers, who have thrown off the "shackles" of a boss and are working for themselves.

Six men, all working barbers, decided to try co-operation instead of working for fixed wages. They had made from \$12 to \$17 a week working for bosses. Sometimes their earnings fell below \$12, but seldom went above \$17. They had worked on regular salaries, on commission, and they decided to take a chance. Not one of the six had enough money to start a barber shop of his own and hire the others. They decided to pool their resources, and by so doing they secured a lease on a good stand and furnished it. The receipts go into a common fund, a reserve is kept to meet rent, light, and other expenses, and at the end of the week the receipts are divided.

Thus far, according to the men, the co-operative scheme has been a success. Not only do they make more money per man out of each shave or haircut, but they find, so they say, that the general public will patronize them rather than a shop owned by a boss. Each man feels that he is helping the man who shaves him to get along in the world.

Besides that, the interest of the barbers themselves is in their work, and they "hustle" for trade, and do their best work on each customer, hoping he will become a regular patron.

The boss' share of a shop is about half the total receipts, out of which he must pay expenses. The expenses of this six chair shop, including the small wages paid the porter, amount to about \$75 dollars a month, according to one month's receipts in the co-operative place. By eliminating the boss the men figure that they are dividing between themselves \$100 a month that he would have received. Besides that, they are increasing the business and gaining in trade steadily, and that in a stand which never has been a great money maker.

By eliminating the boss the men figure that they are dividing between themselves \$100 a month that he would have received. Besides that, they are increasing the business and gaining in trade steadily, and that in a stand which never has been a great money maker.

## DUELS IN GERMANY

MORE THAN 3,000 CONTESTS DURING YEAR OF 1906.

Nuisance Knows No Bounds in Universities in That Country—Students Slightly Injured About Face Try to Retain Scars.

Berlin.—Baroness Von Eschlinger, young and romantic, was courted by a student in the University of Luechingen, but before consenting to be his wife she exacted as a condition that prior to the wedding day he must fight a duel and get a scarred face.

Among the students in the German universities the duelling nuisance knows no bounds and is increasing at such a rate that alarm has begun to be felt by the university authorities, but the difficulty of distinguishing between duels carried out as sport and those in satisfaction of honor is very great. It is computed that in 1906 more than 3,000 duels were fought. Students only slightly wounded in the face take care to rub vinegar or some other irritant into the wound that the scar may retain a fine, bright red color. There is nothing the ordinary student is prouder of than these facial adornments.

A number of German aristocrats, with Prince Lowenstein and Count Erbach at their head, have resolved to begin a systematic agitation against duelling among university students and in the army. They are promised the support of two of the most influential of the rulers of Germany, the king of Saxony and the grand duke of South Germany.

Although recent edicts of Emperor William have done much to stop duelling in the army, it is well known that the practice still flourishes and that the newspapers mention only a very small proportion of the duels which actually are fought. The emperor's real opinion of duelling has often been discussed. Officially he is opposed to it and more than once has issued a decree against it, but the impression prevails that in his heart he approves of it as a manly and knightly way of settling points of honor among soldiers, especially where the honor of an officer's wife or daughter is concerned. With a word the emperor could stop the practice, but this word he has not yet uttered.

The empress is a stern opponent of duelling from the point of view of religion, and her hatred of it is shared by every Roman Catholic ruler in Germany.

## Red Cans for Kansas.

St. Louis—Kansans have always been noted for doing curious things, but the story to the effect that Gov. Hoch has signed a bill requiring the use of red cans for gasoline reaches the lovely limit. The law makes it unlawful for dealers to sell gasoline in any but red receptacles, and is entitled, so the correspondent of Automobile Topics states, "An act to protect hired girls and absent-minded men."

## Chicago Gets Famous Gun.

El Paso, Tex.—James M. Guthrie of Chicago has departed for his home after spending some time at Alamogordo. He took with him the rifle that Geronimo, the famous Apache leader, used in his fight against Gen. Crook in Arizona. The gun was in the possession of an old regular army veteran, and Mr. Guthrie purchased it for the Field museum of Chicago.

## HE DID NOTHING ALL DAY

OTHER EMPLOYEES WONDERED HOW IT WAS HE HELD HIS POSITION.

## "SHOWED THEM" ALL IN DUE TIME

When a Dilemma Arose and a Little "Thinking" Was Required the "Loafer" Was Equal to the Emergency.

There was once a man who did not do things. He was running a certain section of a certain large firm's business, and people began to talk of him.

"What's the matter with that fellow?" said they. "Do you notice how he does nothing? All he does all day is—nothing, or, not much, at all events. How does he manage to hang on?"

The other fellow made reply to the effect that "he does not hang on. He's anchored here. If he was not he'd be let out. But he'll never get any further up. Watch him."

And everybody watched.

One day this certain firm happened to have a certain something on its hands that stirred everybody up. It was a big contract and there was something wrong with the wording, so the firm had to win a big law suit or lose a lot of money. And all the people in the firm, everybody who did things began to run around and say: "What are we going to do? What are we going to do?"

And the man who did not do things sat at his desk and smoked.

Finally everybody had turned in their suggestions and the firm was going to begin to fight the case, for none of the suggestions suggested anything else. And then the man who did not do things spoke.

"Suppose I go over and see the other man and try to frame up a compromise," said he. "We'll both lose money if it goes into the courts; they'll lose, we'll lose. Suppose we see if we can't make them see it in the same light?"

The head of the firm threw up his hands and collapsed.

"Good heavens!" he gasped, "why didn't somebody think of that before?"

And the man who did things made reply:

"We've been too busy planning the fight to have time to think about it."

And the head turned to the one man and said: "How in the name of all that is profitable did you happen to have such an inspiration?"

And the man laughed.

"That's no inspiration," he said, "that's common sense. I simply have set back here—not doing things-thinking. And I know we can square it up."

And they did.

From all of which which the Workers' Magazine deduces the following: Don't do things—all the time. Think a little.

## NOVEL CHURCH ON WHEELS.

Unique Chapel Car, With Bishop Hennessy in Charge, to Tour Kansas.

Wichita, Kan.—A chapel car, the only one of its kind in the world, has been brought to Wichita from Chicago. The car was made in the Pullman car shops at Pullman, Ill., a suburb of Chicago.

The chapel car will be in charge of Bishop Hennessy until next December. In this time the bishop, assisted by a priest and a cook, will tour the branch lines of the railroads through Kansas. He will stop at the towns and gather the scattered members of the church for the purpose of administering to them the sacraments of the church, instructing the young and lending financial assistance to the poor.

In the department of Cher priests have formed a beekeepers' association and make as a yearly income from the sale of honey about \$150, almost as much as their former stipends.

## Long Fast Cures Disease.

Webster City, Ia.—Mrs. Harriett M. Closz, a beautiful and prominent society woman, has just fasted for the first time in 45 days. She entered the voluntary fast to cure herself of rheumatism, which had crippled her.

Her first breakfast was made up of orange juice. Though she had gone without food for so long she was able to answer the telephone and inform friends of her condition. She says the pain and swelling in her legs are almost gone. She believes dieting can completely cure many diseases.

## \$35,000 for Girl's Lost Leg.

New York.—A verdict of \$35,000, the largest on record for such an injury, was given Miss Margaret Noakes against the New York Central railroad the other day before Justice Hendrick by jury in the supreme court. Miss Noakes, a girl of 20 years, sued the railroad company for \$50,000 damages for the loss of her left leg. A Central locomotive ran down the automobile on which she was in June, 1904.

## ALMOST KICKED TO DEATH

Alleged Witch Who Was Assaulted By Husband.

Punxsutawney, Penn., Aug. 6.—Amelia Cyriano, believed by her husband and neighbors to be a witch, is in a dying condition at Adrian hospital, the result of punishment inflicted by her husband, John. The latter, in common with the neighbors, believed his wife was endowed with power to work evil, and yesterday he beat and kicked her almost to death because his pay envelope did not contain as much money as he believed it should. The state constabulary is searching for Cyriano.

The Cyriano's live at Wallston, a mining town near here. Recently a series of misfortunes swept the neighborhood. Garden truck was not up to the standard, cattle and poultry died. The people complained that Mrs. Cyriano was the cause of their misfortunes.

Saturday was pay day in the mines. Cyriano had bad luck, and his tonnage fell off, thus reducing his pay. He went home determined to drive out the devil with which he believed his wife was possessed. He knocked his wife down with his fists and then kicked her. She begged for mercy, but her pleadings did not save her.

until she became unconscious. Then Cyriano escaped.

The doctors at the hospital notified the state constabulary. Lieutenant Eglet, with a squad from Troop D, went to Wallston to arrest Cyriano, but the troopers arrived too late.

## REGARDING RAILROADS

ONE WAS KILLED AND SEVERAL INJURED ON THE MISSOURI PACIFIC.

### COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Running twelve miles or more an hour, a work train on the Missouri Pacific railroad, climbing up a steep hill one and one-half miles west of Kirkwood, and in charge of Engineer Harry Travis and Conductor John Daud, crashed into the "pusher," an engine which runs between Valley Park and Kirkwood, at 1:30 p. m. yesterday, killing A. Kalidonis, 19 years old, a Greek laborer, living at 823 Walnut street, St. Louis, and injuring five others.

Engineer Travis and Fireman E. W. McGee, of the work train, jumped. McGee's left leg was broken and he was injured about the body. Travis escaped uninjured.

### Still Other Bad Tracks.

H. A. Turpia, secretary of the National Tracklayers' association, filed twenty-five photographs yesterday with the Nebraska state railway commission at Lincoln, Neb., in support of the allegation that the Missouri Pacific tracks in Nebraska were in a dangerous condition.

He urged that trackmen should receive better pay and asserted that ties and rails were unsafe for travel. The protest will be investigated.

### L. & N. Will Make the Rate.

Governor Glenn late today received a telegram from the authorities of the Louisville and Nashville railroad, saying they would put the 2½ cent rate law into effect Aug. 8, says a Raleigh, N. C., dispatch of the

This is the last road to surrender, and on Aug. 8 all the roads in North Carolina, above sixty miles long, will be using the state rate.

By this ditty his wife traced him to Chicago from the Mound City, whence he is said to have fled with his "Nellie," for whom the wife also carried requisition papers to be issued.

It is all because of the song that I found my husband," said Mrs. Toomby at the station after she had seen her spouse safely locked up and was signing the warrant for "Nellie's" arrest.

"Charlie—that's my husband—when we were at home in St. Louis, always used to be singing 'Wait Till the Sun Shines, Nellie,' and 'I'll Be With You, By and By.' He used to sing it just after he would get up in the morning.

Then, when he would come to his dinner, he would sing another verse and come out real strong on the part, 'I'll Be With You, By and By.'

"says, 'Charlie, what makes you keep singing that song so much?' He says, 'Mary, there's some dash to that song; it's got sentiment.'

"One day Charlie did not come home. The next thing I got a letter. He said that he was going as far as the road went and that I would never see him again.

"I got to thinking about that Nellie song and inquired around and found that he knew a woman named Nellie. I looked further, and sure enough, they had gone away together. I finally located them up here in Chicago."

Mrs. Toomby accompanied the detectives to the flat at 3105 Graceland avenue, where they found Toomby and also "Nellie."
